Mrs. Mary Watkins

Dedication

The '74 edition of FOOTPRINTS is dedicated to an outstanding teacher and person. With her sparkling personality, she has brightened our lives for the past four years. Her never ceasing devotion, understanding, and kindness have molded our minds and our lives. We will never be the same because she was concerned with our past, present and future. It is very rare to find such a teacher who cares about her students as individuals. We will cherish our four years with her forever. In appreciation we find it a fitting gesture to dedicate this edition of FOOTPRINTS to Mrs. Mary Watkins.

Senior Class History

1974 — the year we have long awaited has finally arrived. We have met challenges and faced downfalls but in doing so we have been educated in many areas. Four years ago a door was opened which will soon close and a new and different door will open for each graduate. First let us reminisce some of the highlights of being at LHS.

The Senior Class of '74 proved to be an outstanding class their freshman year. We made our mark in sports with an undefeated Junior Varsity Football team and an undefeated J.V. Girls Basketball team. The fashions were a little different then than they are today. The boys were wearing sweaters tucked neatly into khaki pants cut off at ankle length. The girls were still wearing dresses to school at least twice a week. One of the most exciting things for the female Freshman was being discovered by the Senior boys. Remember the first time HE talked to you girls?

In our Sophomore year we began reflecting the change that was taking place in the country. Hair began covering the boys' ears and collars and the dress became almost extinct. We went through our "rebellious stage" that year with a sharp rise in the number of Sophomores skipping school, even though there was a lot going on in school. Remember the greasy keys in Mr. Keene's Typing I Class? We all seemed to give great book reports in Mrs. Byrd's English Class even if we hadn't read a book. It was a great year for study halls as anyone who will ask Mrs. Cox will find out. Many great stories were told around the area of the broiler room at break. Some of the girls might remember finding a dissected crayfirsh in their pocketbooks. Toward the end of the year some of us were lucky enough to be tapped into the Beta Club and serve as waiters and waitresses at the Junior-Senior Prom. Ah, those were the days!

After the summer when we came back as Juniors, we were a little calmer and more experienced. We fitted in with school life quite easily now. We became involved in all the traditional doings of the Junior Class — ordering class rings, selling candy to raise money for the Jr.-Sr., decorating the gym and attending the Prom itself. The outcome was well worth all of the effort we put into it. We had some good teams in sports that year, with Juniors playing an important role. But we also found we had some great bench warmers who often paid more attention to the cheerleaders than to the game. This was also the year that Junior members of the Beta Club were rewarded for their many hours of study when they attended the State Convention in Asheville. The mountains warmed up considerably.

Now as Seniors we find ourselves busy ordering caps and gowns, ordering invitations, deciding what we will do after graduation, applying to college, and participating as leaders in all the extra curricular activities. Some of us seem to get more "A's" during lunch period than in class. The worst thing a Senior boy can be accused of is "Snaking", and that's a real change from a few years ago. As we look back, those four long years now seem almost short. Although I don't think you could find many Seniors willing to go back and do it over again, I think most of us are satisfied with our days at LHS.

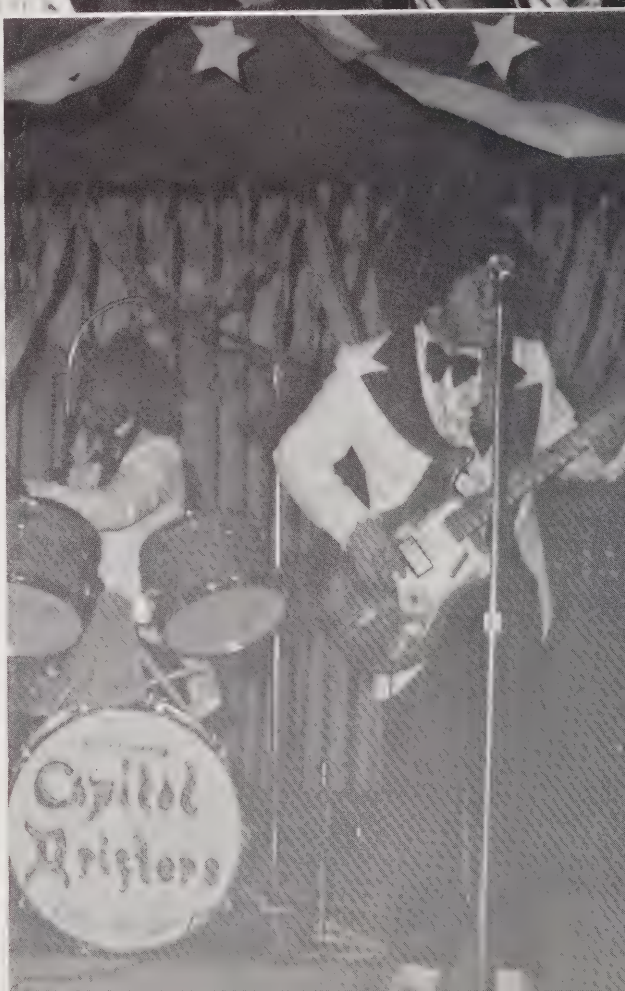
Happiness Is . . .

Happiness as it's defined,
Is joy, contentment, peace of mind,
A smiling face, an outstretched hand
Are signs of happiness in every land.

Happiness is many things.
It's falling snow on a winter day.
It's a newborn babe or a bright sun ray.
It's sharing laughing, crying
But most of all
Happiness is . . .

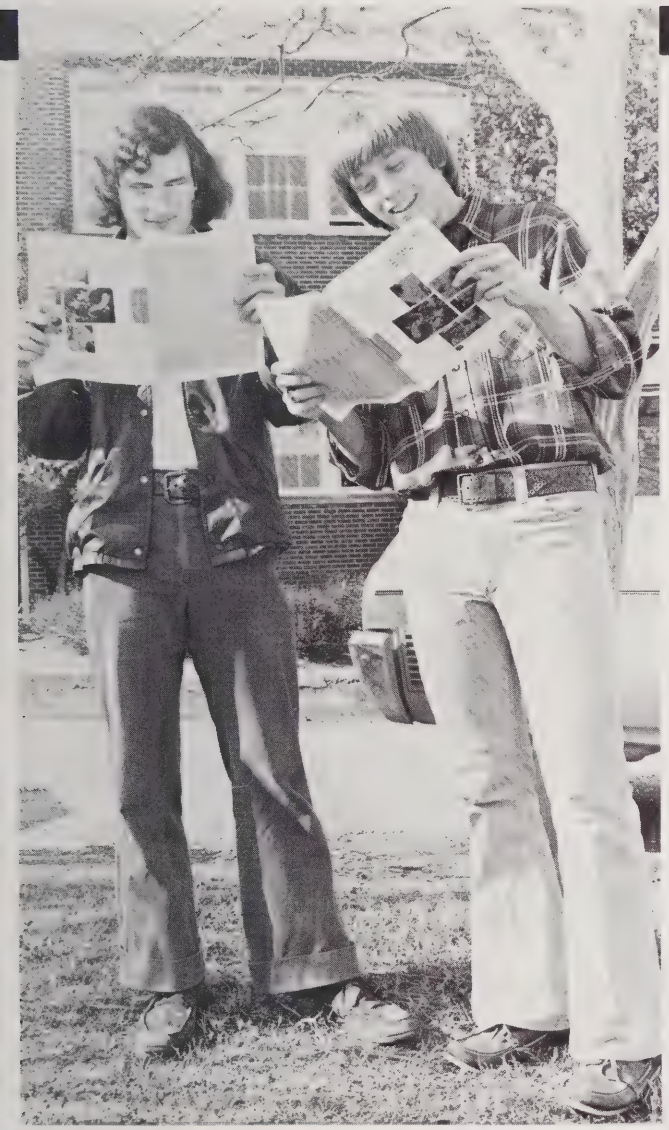
To a FRESHMAN happiness is lockers, changing classes, moving from junior high to senior high, having a study hall, and being accepted by the upperclassmen.

To SOPHOMORES happiness is no longer being a freshman. It's turning sixteen, being waiters and waitresses, joining the varisty teams, and becoming Betas.



The happiness of JUNIORS is much the same — it's class rings, the Jr.-Sr., candy sales, and knowing that pretty soon you'll no longer be a junior.

SENIORS have a special kind of happiness.
It's invitations, caps and gowns, the "SAT,"
applications, and finally diplomas and graduation.



Yes, happiness is many things,
From friendship to big diamond rings.
And you and I will both agree.
That happiness is always free.

It stretches on, an endless shore
For happiness is even more
Than anything that's been discribed
. . . Happiness is you and I.

Cathy Jackson

Happiness is . . .

. . . knowing you've made it through one more day.

Future Homemakers of America

FHA Creed

We are the Future Homemakers of America. We face the future with warm courage and high hope. For we have the clear consciousness of seeking old and precious values. For we are the builders of homes. Homes for America's future. Homes where living will be the expression of everything that is good and fair. Homes where truth and love and security and faith will be realities, not dreams. We are the Future Homemakers of America. We face the future with warm courage and high hope.

The true spirit of cheerleading is leading the way through victory or defeat. The 1973-1974 varsity cheerleading squad tried to maintain this spirit throughout the year with shouts of support, sympathy, or praise.

Our year was filled with hard work, devotion, and lots of fun. Our hard work and devotion was rewarded with many achievements. We placed first in spirit competition at cheerleading camp in Greenville and came home with second place in the final cheering competition. We were invited to compete in the Annual Cheerleading Contest at North Hills. We again placed second in the semi-finals and third runner-up in the finals. Our whole year was filled with many good times: Greenville and watching the dorm across the way; the homecoming supper and just barely getting by; and let's don't forget those big Saturday nights at the concession stand! Thank you, varsity cheerleaders.

GOLF — The golf team was on the decline from its previous two successful seasons. Although they didn't lose many meets, they didn't win many either. They usually finished second or third, as they did in the conference golf championship.

BASEBALL — Lillington enjoyed a successful season in baseball in the '73 season finishing the regular season 6-7 and then moving into the county tournaments to finish runner-up to Angier for the title. They moved on into the districts and won one game before losing to eventual State Champion Red Springs. Their final record was 9-9.

TRACK — Lillington continued its dominance on the county track scene by once again capturing the conference track championship.

Editor's Note

Thus ends another edition of Footprints for another year. We have tried to illustrate "Happiness is school". Though we have our problems with homework, teachers, and with each other, there are happy moments in our school life. Education is important to everyone, and we Seniors of '74 are happy that this phase of education is drawing to an end. We will be starting a new way of life and a new beginning to our education.

Stop and think for a moment. Reflect back on the year. Was it happy, busy, exciting or sad? Did a tear fall or a laugh ring out? I hope it was as great a year for you as it was for me. It was a year of awakening to my present and future life, A year of learning and understanding, A time to say that "Happiness is living."

This year's annual staff and sponsors have worked very hard to bring this edition of Footprints to you. For the first time, we were able to provide color pictures in our annual. This would not have been possible without the help of our advertizers, magazine buyers, and the students and faculty members who participated in our "Powder Puff" Football Game. A special appreciation goes out to Mr. Ennis for his constant cooperation in setting up picture days. And a sincere thanks to Mr. and Mrs. Harry Shafran for the use of their lovely landscape, and to Mr. and Mrs. Neil Ross for letting us come to their home to take pictures. I would also like to extend our gratitude to our photographer, Joe Williford and his family for all our pictures, and a thank you to Mr. Ed Goldston from Hunter Publishing Co. for his kind help.

A very special thank you to Mrs. Helen Stewart and Mrs. Lynda Hill, for without their help there would not have been an annual. Thank you for all the memories of working on the annual staff with both of you. Your friendship will always be cherished. I am also grateful to my Assistant Editor, Dianne Randall; Business Manager, Shirley Jones; and to the Assistant Business Manager, Meredith Ann Crews for their long hours of hard work and cooperation.

A final goodbye and thank you to everyone.

Mary Elizabeth Sherman
